

**Plastic EXPO with live demo of product manufacturing — Plastivision 2023**

Chennai: Plastic has become an immortal material in the environment and inevitable one in day to day life. As a need of the hour this exhibition would be the first of its kind where live demo of making of plastic products would be facilitated and best practices in recycling each product would also be explained to visitors to bring awareness." Says Dr.Asutosh Gor, Co – Chairman PVI 2023 in the press meet of PLASTIVISION INDIA 2023 organized by THE ALL INDIA PLASTICS MANUFACTURERS ASSOCIATION (AIPMA). Plastic is a harmless substance by itself. But the littering of plastic is dangerous in many ways which has to be managed by people. It is worth to mention that our country is recycling nearly 75% of plastic and is setting a good example to others. This makes India rich in raw materials for plastic manufacturing. "Although India has abundance of raw material and potential in manufacturing plastics, there is still an import of finished plastic products of worth nearly 35,000 crores. This importing has to be eradicated so that we can promote 'Make in India' and create more sustainable market. AIPMA, a strong association with more than 25000 members are keen in achieving it" he added

**British Council Presents: 'Ready, Set, Read' — The Ultimate Reading Challenge for Children**

Chennai: British Council, UK's international organisation for cultural relations and educational opportunities, has returned with its highly anticipated Reading Challenge for children. The challenge is designed for children aged 5 to 12 years, aiming to help them become confident and engaged readers. In this programme, children are challenged to read six books, specially selected by British Council, within a span of 6 weeks. The essence of the challenge is to read one book in one week. This year's programme theme, 'Ready, Set, Read', is intended to ignite the imagination of young readers and inspire them to explore the world of books. It encourages children to read for fun, pleasure, and personal achievement while fostering a sense of accomplishment. To captivate children's imagination, the theme has been designed around sports and games. Children will read books like Rampaging Rugby, All to Play For, Strong and Tough, among others. They will also have the opportunity to join a superstar team and embark on a thrilling adventure in a fictional summer obstacle course brought to life through the enchanting illustrations of renowned children's illustrator, Loretta Schauer. If you are looking to cultivate a love for reading among your children, look no further. Enrol them in this challenge. The last date to register is 4 November 2023.

**Netafim India Launches Toofan, Economical and Clog Resistance Drip Technology for Farmers**

CHENNAI: Netafim India, a leading smart-irrigation solution provider, has launched its groundbreaking product, Toofan, an innovative irrigation technology that promises to transform farming for growers of all scales. Through this product, the company aims to cover 25,000 ha of land and reach 35,000 farmers by 2025 across India to revolutionize sustainable farming. The innovative system with best-in-category anti-clogging technology ensures optimal delivery of water and nutrients. The drip line is 40% more strong with greater tensile strength. Toofan by Netafim India is 20% more affordable than the existing and available thin wall, non-pressure-compensated (NPC) drip lines in the Indian market. The digital launch concluded on the social media platforms of Netafim India and witnessed the interest of 10 Lakh farmers and dealers. Mr. Randhir Chauhan, Managing Director, Netafim India and Senior Vice President, Netafim Ltd., unveiled the product during the virtual launch. Toofan by Netafim India is an economical choice engineered with revolutionary TurboNext™ technology and offers unparalleled durability, thus helping farmers achieve better crop yields. The technology is available for any row crops on flat topographies. Speaking about the launch, Mr. Randhir Chauhan, Managing Director Netafim India and Senior Vice President Netafim Ltd., said, "Netafim India aims to provide an affordable, high-performance micro irrigation system that not only ensures consistent and uniform yields but also aids in reducing the operational costs of farmers. As a farmer's anthropologist, we understand the dynamics of Indian agriculture and continuously work to bring solutions that meet the evolving needs of our growers. We are proud to be a part of India's agricultural growth story and committed to bring innovations that transform the lives of farmers. We are delighted to set new standards in clog resistance and enhance Agri performance with Toofan driplines. Netafim's Toofan is set to reshape the agriculture landscape, empowering farmers to embrace modern irrigation practices without subsidy constraints and offering an unprecedented installation speed. Our revolutionary patented technology is a testament to our commitment to support one of the largest sectors contributing to Indian GDP".

**LOYOLA COLLEGE WINNERS OF CHENNAI ROUND OF SWEDEN INDIA NOBEL MEMORIAL QUIZ 2023**

Chennai: Loyola College won the Chennai qualifying round of intercollegiate Sweden India Nobel Memorial Quiz 2023, held in at Women's Christian College, Chennai. The winners, including Sai Kumar, B Manoj Kumar and Vinish, did their institute proud by answering the wide array of questions on the Nobel prizes and Sweden and will now represent the city at the National Finals which will be held at New Delhi on October 31, 2023. Mr Christian Kamill, Deputy Head of Mission, Embassy of Sweden said, "2023 is a special year for us as we mark 75 years of Sweden India diplomatic relations. The quiz is a great platform to celebrate the strong bond between Sweden and India, nations that have fostered collaboration in science, health, innovation, business, culture and diplomacy".

**DAC Developers Unveils South India's First Home Experience Centres**

Chennai: First of its kind in South India, DAC Developers Pvt. Ltd., one of the Chennai's most trusted housing development companies, has launched Home Experience Centres at Medavakkam and Tambaram, comprising fully furnished houses that showcase everything from floors to roofs in cross-section so that buyers can visually inspect and physically touch and feel the materials that go into making their dream homes. Honourable Shri V. Ramasubramanian, former judge of the Supreme Court of India, inaugurated the innovative centres: a 1050 sq-ft, experience centre, and an 800 sq.ft one, modelled on the real housing units of DAC Developers' two newly announced residential projects, DAC Medallion, Medavakkam and DAC Marshall, Tambaram respectively. Talking about the Home Experience Centres, Mr. S. Sathish Kumar, Managing Director, DAC Developers Pvt. Ltd., said, "Our core principles revolve around the 3Es: ENGINEERING-focused innovation, Customer EDUCATION, and Customer EXPERIENCE. The newly unveiled Home Experience Centres embody these principles. We take pride in introducing it first time in South India. The introduction of our Home Experience Centers represents a new layer of transparency, reinforcing the trust our customers place in us."
